

# Trust and Estate Tax Calculation Guide For the year ended 5 April 2013

### How to calculate the trust's or estate's tax

Use this guide to work out the trust's or estate's tax and to check any calculation we send to you.

If you ask us to calculate the trust's or estate's tax, the completed paper Trust and Estate Tax Return **must** reach us by **31 October 2013**.

If you complete a paper Trust and Estate Tax Return you must make sure that this reaches us **by 31 October 2013**. If your paper Trust and Estate Tax Return reaches us after this date, we will charge you an automatic penalty of £100.

If we receive the paper Trust and Estate Tax Return after 31 October 2013 and you have not worked out the tax, we will do it for you but we cannot guarantee to tell you what to pay by 31 January 2014.

So if you do not know what tax to pay, make an estimate and pay that by 31 January 2014. Remember, if you do not pay enough, you will have to pay interest and possibly a late payment penalty.

You can file online even if we have sent you a paper Trust and Estate Tax Return. If you file online, you have until 31 January 2014 to file your tax return. You can use our Self Assessment Online service to file the tax return over the Internet using third party commercial software. If you file online, your calculations are done for you and you will receive an instant on-screen acknowledgement that we have received your tax return. Go to hmrc.gov.uk for information about filing online.

If we receive your online tax return after 31 January 2014 then you will be charged an automatic penalty of £100.

Whichever method you use to file your Trust and Estate Tax Return, by 31 January 2014 you must:

- pay the balance of any tax the trust or estate owes for 2012–13, and
- pay the first payment on account for the 2013–14 tax year, if appropriate.

You must pay what is owed by this date to avoid interest and possibly a late payment penalty.

If you need help, then please ask us.

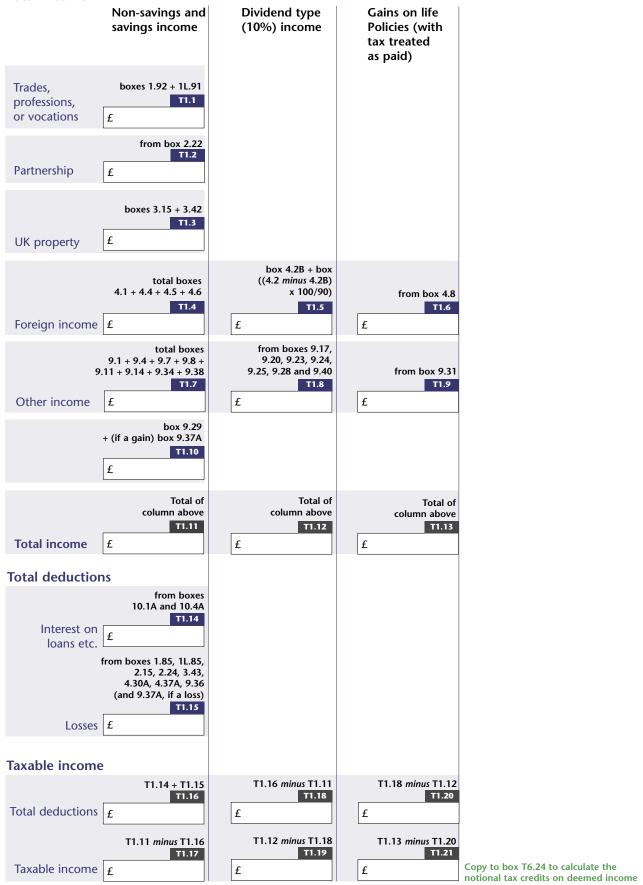

#### Layout of the calculation

Here is a summary of the stages you will see in the Working Sheet:

- **STAGE 1** is for all the income and deductions that you have included in your Trust and Estate Tax Return and sorts them into categories which will be taxed later on. All trustees and personal representatives should complete stage 1.
- **STAGE 2** is for personal representatives only.
- is for trustees who are taxable at the trust rate or the dividend trust rate. Certain types of income and deemed income are chargeable at the trust rate or the dividend trust rate whether or not the trustees are normally taxable at the basic/dividend ordinary rate. These types of income include accrued income charges, income from deeply discounted securities, gilt strips, offshore income gains, income from companies purchasing their own shares and gains on life insurance policies, life annuities and capital redemption policies. If, apart from these types of income, you are taxable at the basic/dividend ordinary rate only, you should complete stage 5. If you are the trustee of an unauthorised unit trust, which is generally taxable at the basic rate only, you should complete stage 4. These stages will charge the income listed above at the correct rates. Stage 3 is to be completed by the trustees who are chargeable at the trust rate or dividend trust rate, on any income other than that listed above.
- **STAGE 4** is for trustees of an unauthorised unit trust.
- **STAGE 5** is for other trustees not taxable at the trust rate or the dividend trust rate.
- STAGE 6 brings in all the tax you have already deducted from income (so you will need the Trust and Estate Tax Return and any supplementary pages again) and works out any non-payable tax credits.
- stage 7 makes adjustments to the tax calculated in earlier sections and adds in Capital Gains Tax. The final box of stage 7, box T7.32 gives the figure for box 17.1 in the Trust and Estate Tax Return.
- works out what you have to pay us by 31 January 2014, or what we have to pay you, and checks if you will have to make 2013–14 payments on account.
- **STAGE 9** is for trustees who make discretionary payments to beneficiaries.

STAGE 1 All trustees and personal representatives should complete this stage, filling in the boxes with information from the Trust and Estate Tax Return and the supplementary Pages.

Personal representatives should now go to stage 2.

Trustees who are taxable at the trust rate or the dividend trust rate should now go to stage 3.

Trustees of Unauthorised Unit Trusts should now go to stage 4.

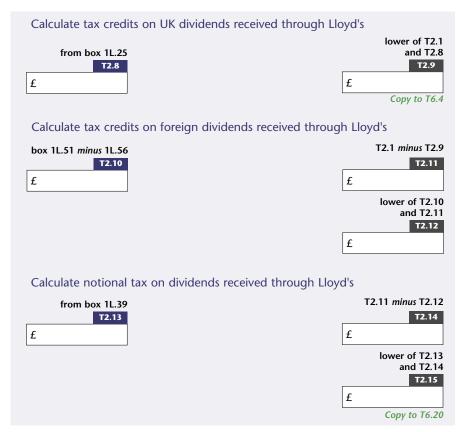

Other trustees, not taxable at the trust rate or the dividend trust rate, should now go to stage 5.

### STAGE 2 This section should only be completed by personal representatives

If any box on this page is negative, substitute zero ('0')

Non-savings and savings	Dividends and company own share	s	Life policy gains (with tax paid)
from T1.17 T2.1	from T1.19 T2.2		from T1.21 T2.3
Taxable income £	£		£
	Copy to T6.2 to calculate the tax credits on dividends		
Calculate Income Tax due			T2.2 x 10%
			12.2 x 10%
Income taxable at 10%			£
	T2.1 + T2.3		T2.5 x 20%
Income taxable at 20%	f2.5		£ T2.6
			T2.4 + T2.6 T2.7
		Income Tax due	
			Copy to T7.1

If you are the personal representative of a deceased Lloyd's underwriter, please complete boxes T2.8 to T2.15 to calculate tax credits on Lloyd's income.

Now go to stage 6
Ignore stages 3 to 5

### STAGE 3 This section should be completed by trustees who are taxable at the trust rate or the dividend trust rate

If any box on this page is negative, substitute zero ('0')

	Non-savings and savings	Dividends and company own shares
Taxable income	T1.17 + T1.21 T3.1	from T1.19 T3.2  £  Copy to T6.2 to calculate the tax credits on dividends

### STAGE 8 All trustees and personal representatives complete this section

Enter in box T8.2 the amount of any repayment of 2012–13 tax in box 21.6 in the Trust and Estate Tax Return. Do not include any repayments from trading losses carried back to an earlier year.

**Box T8.3** An adjustment may be required to increase the tax for 2012–13 because:

- you claim farmers' averaging, or
- you claim averaging of literary or artistic income, or
- you claim to pay tax on post cessation receipts by reference to the year the business ceased.

Calculate the difference between the actual liability for the earlier year, and the liability that would have arisen for the earlier year if the averaged profit or post cessation receipt had been included in the Trust and Estate Tax Return for that year. Work out the increase in tax by reference to the tax rate and circumstances for the earlier year. Include any entry in box 1L.79 of the Trust and Estate Lloyd's Underwriters Pages. Enter the amount in box T8.3. Copy this figure to box 17.2 in the Trust and Estate Tax Return.

The adjustment relates to 2012–13, even though it is calculated by reference to the circumstances of the earlier year. If you need help, ask us or your tax adviser.

Box T8.5 An adjustment may be required to decrease the tax for 2012–13, calculated by reference to an earlier year, because:

- you are claiming loss relief calculated by reference to your income of an earlier year or years, or
- you are claiming farmers' averaging.

Do not include losses for which you have previously claimed relief. Calculate the difference between the actual liability for the earlier year, and the liability that would have arisen for the earlier year if the loss or averaged profits had been included in the Trust and Estate Tax Return for that year. Work out the decrease in tax by reference to the tax rate and circumstances for the earlier year. Enter it in box T8.5. Copy this figure to box 17.4 and tick box 17.3 in the Trust and Estate Tax Return.

The adjustment relates to 2012–13 even though it is calculated by reference to the circumstances of the earlier year. If you need help, ask us or your tax adviser.

### STAGE 8 Working out payments due by 31 January 2014

If any box on this page is negative, substitute zero ('0') unless otherwise stated

	from T7.32 T8.1	
Income Tax and Capital Gains Tax due for 2012-13	£	
	from box 21.6	
2012–13 tax already refunded	£	
Any adjustment increasing the tax due, calculated by reference to earlier years (see Notes and the Trust and Estate Tax Return)  Copy this figure to box 17.2 in the Trust and Estate Tax Return	£	T8.1 + T8.2 + T8.3
Any adjustment reducing the tax due, calculated by reference to earlier years (see Notes and the Trust and Estate Tax Return)	Т8.5	£ This box can be negative

Payment due by 31 January 2014
If box T8.15 is positive, this is the tax you owe
If box T8.15 is negative, this is the tax we owe you

£
T8.9 + T8.14
T8.15
£
This box can be negative

T8.10 x 50%

## STAGE 9 Calculation of tax pool for 2012–13. This section should be completed by trustees who make discretionary payments to beneficiaries (see question 14 on the Trust and Estate Tax Return)

When you make discretionary payments that are income in the hands of the beneficiaries, those payments carry a tax credit. The tax credits have to be matched as far as possible with the tax payable by you on the trust income or tax credits attached to the income you have received. If the tax credits attaching to the payments to beneficiaries exceed the total of tax credits and tax payments (the tax pool), you have to pay the difference to us.

Foreign Tax Credit Relief, non-payable tax credits on dividends and notional tax on life policy gains are not available for repayment and cannot be used to frank tax credits allowed to beneficiaries.

The calculation excludes from the tax pool the proportion of such foreign tax and notional tax credits which relates to income which is to be accumulated, or is payable, at the trustees' discretion. Any excess of the tax credits attaching to payments to beneficiaries over your available tax credits and tax payments (the tax pool) is carried **back** to stage 7 and added to the tax bill for 2012–13. Any excess in the tax pool is carried forward to the tax pool for the tax year 2013–14. Tax paid in a year when the trustees are non-resident does not enter the tax pool.

Tax paid in a year when the truste	es are non-resident does not	t enter the tax pool.	,
