

Tax calculation summary notes

6 April 2011 to 5 April 2012

These notes contain a Working Sheet to help you complete the *Tax calculation summary* pages. But you will not be able to use the Working Sheet if you have income in:

- box 19 on page TR 3 of your 2011–12 tax return
- box 13 on page Ai 1 of the Additional information pages
- box 10 in the 'Other tax reliefs' section on page Ai 2 of the *Additional information* pages
- box 1 in the 'Income Tax losses' section on page Ai 3 of the *Additional information* pages
- boxes 6, 8 or 15 of the Lloyd's underwriters pages
- boxes 7 or 45 of the Foreign pages
- boxes 2, 19 or 23 of the Trusts etc. pages
- box 27 of the Residence, remittance basis etc. pages.

In these circumstances, either your tax adviser or we will do the calculation for you. If you want us to do it, please make sure your paper tax return reaches us by 31 October 2012 or that you file online by 31 January 2013 (to file online, go to www.hmrc.gov.uk and under *Do it online* select *Log in* and then select *Self Assessment*).

Completing the tax calculation Working Sheet

The Working Sheet is made up of 12 main sections but you will not have to complete every box in every section. However, to get to the right answer, please work through each section carefully.

Depending on your personal circumstances, you may also have to complete some additional sections. You will be directed to these sections, if appropriate, within the Working Sheet. For example, if you were born before 6 April 1947 you will be directed to Section 13.

You will have to copy figures from your tax return, including the *Additional information* pages and any other supplementary pages you have completed, on to the Working Sheet. And then you will have to copy some figures within the Working Sheet; just follow the instructions on the page. Finally, you will be asked to copy figures from the Working Sheet on to the *Tax calculation summary* pages.

Different types of income (and capital gains) are charged at different rates of tax.

They are charged to tax in the order shown below (non-savings income first).

Tax band

	ian carro							
	First f							
	First £35,000	of taxable income	next	All remaining				
Type of income	First £2,560	next £32,440	£115,000	taxable income				
Non-savings income, for example, income from employment or self-employment, or property income	20%	20%	40%	50%				
Savings income includes bank and building society interest, and gains made on life insurance policies (without a 'notional' tax credit)	10%	20%	40%	50%				
Dividends and tax credits	10%	10%	32.5%	42.5%				
Taxable lump sum payments	20%	20%	40%	50%				
Gains on life insurance policies with a 'notional' tax credit	10%	20%	40%	50%				

If taxable non-savings income is less than £2,560, the balance can be set against savings. Savings income, up to this balance, is charged at 10%.

The figures of £35,000 and £150,000 can be increased if you pay tax at 32.5% or more and make personal pension contributions and Gift Aid payments.

The rates of Capital Gains Tax are:	
gains that qualify for Entrepreneurs' Relief	10%
other gains charged below the higher rate threshold* charged above the higher rate threshold*	18% 28%
*Any balance of the higher rate threshold (£35,000) that has not been used by income can be set against Cap	pital Gains.

Gift Aid payments

If you have made Gift Aid payments you must pay Income Tax, at whatever rate, or Capital Gains Tax, at least equal to the basic rate Income Tax treated as having been deducted. The charity receiving payments from you can reclaim that Income Tax from us. We must make sure you pay sufficient tax to 'cover' the tax repaid to the charity. If you have not paid enough it may be necessary to restrict your personal allowances so more income is charged to tax or we may ask you to pay more. Boxes A208 to A212 compare the tax charged on your income with the tax treated as deducted from your Gift Aid payments.

Do not include pence in boxes A208 and A209. Round down the figure in each of these boxes to the nearest whole pound.

Box A259: if, because of a change in your circumstances, your 2011–12 tax code was reduced during the year to 5 April 2012, you may have paid too little tax for the time before your code was reduced. Look at your Coding Notice for 2011–12 for the message: 'Our estimate of the underpayment for the earlier part of the year is £xxxxxx. We will normally collect any underpayment through your Self Assessment balancing payment. This will be calculated when your tax return for the year is processed', but if you requested that this tax be collected through your tax code for 2012–13 enter the amount in box A259.

There may be an adjustment required to increase your tax for 2011-12 because:

- you are claiming averaging for farmers and creators of literary or artistic work, or
- you are claiming to pay tax on your post-cessation receipts by reference to the year your business ceased.

Calculate the difference between the actual liability for the earlier year and the liability that would have arisen for the earlier year if the averaged profit or post-cessation receipts had been included in the return for that year. The adjustment relates to 2011-12 even though it is calculated by reference to the circumstances of the earlier year. If you need help, ask us or your tax adviser. Enter the amount in box A265.

There may be an adjustment required to decrease your tax for 2011-12, calculated by reference to an earlier year, because:

- you are claiming loss relief calculated by reference to your income or capital gains for an earlier year or years, or
- you are claiming averaging for farmers and creators of literary or artistic work.

Do not include losses for which you have previously claimed relief. Calculate the difference between the actual liability for the earlier year and the liability that would have arisen for the earlier year if the loss, averaged profits or pension payments had been included in the return for that year. Recalculate your 2011-12 liability taking into account the loss. The difference between that figure and boxes A261 or A262 is the amount of your 2011-12 repayment. Enter it in box A268. Claim to reduce payments on account

You may want to reduce your payments on account for 2012-13 (including reducing to nil) if you expect:

- your 2012-13 income to be lower than 2011-12, or
- your allowances or reliefs to be higher, or
- more of your 2012-13 income will be taxed at source, because
 - it will be taxed under PAYE, or
 - it will be covered by subcontractor deductions, or
 - you will have more savings income.

If you do want to reduce your payments on account, you must make a reasonable estimate of the difference between the Income Tax you expect to pay in 2012-13 and your Income Tax on this return. You can reduce each of your payments by half this difference.

In box 10 of the *Tax calculation summary* pages enter the amount of each reduced payment on account (including the pence), or nil, if appropriate, and put 'X' in box 9. Give your reason for reducing your payments in box 16. If you decide later that your reduced payments are still too high, write to us saying why you are claiming to reduce again. Make sure the payments you make, by 31 January 2013 and 31 July 2013, will add up to your best estimate of your tax bill for 2012-13.

If your two payments on account turn out to be different from your 2011-12 tax bill and if you have paid:

- more than you needed to, we will credit you with interest
- less than you needed to, we will charge interest.

Your two payments on account should be the smaller of the actual Income Tax and Class 4 NICs due (net of tax deducted at source and tax credits on dividends) for 2011-12 or 2012-13. If you have been careless or fraudulent in claiming to reduce your payments on account, we may charge a penalty. If you decide later that you have reduced too much, you can revise your claim upwards and/or pay more in line with your revised estimate. But if you do not make a claim, we may allocate additional amounts paid to other outstanding liabilities.

If 2011-12 payments on account were not paid by their due dates (31 January 2012 and 31 July 2012), interest may also be due.

11 Blind person's surplus allowance you can have, and the amount of married couple's surplus and allowance you can have

12 If your spouse or civil partner did not have enough income in the year ended 5 April 2012 to use any or all of their Married Couple's Allowance or Blind Person's Allowance (if due), you can ask for the surplus to be transferred to you. If you are unsure whether you can get surplus allowances from your spouse or civil partner, ask us or your tax adviser.

If you have agreed an amount that can be transferred enter:

- any blind person's surplus allowance in box 11, and
- married couple's surplus allowance in box 12 on the Tax calculation summary pages.
- If the amount of tax due for 2011-12 is affected by adjustments to other tax years, read the notes on 13 to page TCSN 21. 15
 - Copy the figure from box A265 to box 13.
 - Copy the figure from box A267 to box 14.
